### **About the RRT's Tasks:**

The scope of the CCGPS Mathematics Resource Revision Team work included:

- evaluating newly submitted tasks
- assessing the need for additional tasks
- assessing the order of current units and tasks
- editing of current units and tasks
- creating additional tasks to address gaps, if necessary

A **Comprehensive Course Overview** was created for both CCGPS high school courses:

- Located on the 9-12 math section of [www.georgiastandards.org](http://www.georgiastandards.org)
- Designed to provide clarification of CCGPS Mathematics Standards
- Organized to link together many sources of information pertinent to CCGPS Coordinate Algebra/Accelerated Coordinate Algebra
